POSH CO., LTD

POSH is established in 1990 in Tokyo and has developed in the after-parts market. POSH takes great pride in its start-to-finish production system which makes producing purely "MADE IN JAPAN" parts possible. Its original parts such as marker lamps, mirrors, handle bars, and exhaust pipes are all planned and manufactured in Japan. POSH FACTORY & SHOWROOM was opened. we do not only sell directly our original items to the motorcycle-loving customers, but also custom-makes unique items to suit their needs better.
